Did You Lose Your Job As A Direct Result Of the Oil Spill?

If you have recently lost your job due to the Deepwater Horizon Oil Spill, Workforce Escarosa offers an array of no-cost programs and services available to assist in your efforts toward re-employment through the Deepwater Horizon National Emergency Grant.

It is expected that most workers dislocated due to the Deepwater Horizon Oil Spill will be associated with the tourist industry, commercial fishing and the real estate market. These occupations will include, but are not limited to, retail sales; hotel housekeeping and front desk services; restaurant servers, hostesses, kitchen staff, cooks/chefs, etc.; amusement/recreational services such as jet ski rentals, parasailing, miniature golf; recreational & charter fishing; seafood production and selling; and real estate rentals.

Those interested in participating in this program must complete and submit a *Deepwater Horizon Dislocated Worker Questionnaire* in order to determine eligibility. The questionnaire is available for completion at any of our three One-Stop Centers or by logging on to the Workforce Escarosa website at www.workforceescarosa.com.

Once your questionnaire is reviewed, you will be notified of upcoming orientation sessions where detailed information regarding program services and eligibility will be provided.

For more information on the Deepwater Horizon
National Emergency Grant, contact:

850-607-8777 or oilspilldislocation@escarosa.org

Pensacola Center
3670- A North "L" Street
